

A detailed technical cross-section diagram of a window assembly. The diagram shows a window frame (1) with a multi-paneled glass unit (2) set into it. The glass unit is held in place by a gasket (3) and a drainage channel (4). A weatherstripping seal (5) is located on the inner side of the frame. A drainage pipe (6) is shown leading from the drainage channel. A thermal break (7) is indicated by a dashed line. A structural support (8) is shown on the outer side of the frame. A drainage pipe (9) is shown leading from the drainage channel. A drainage pipe (10) is shown leading from the drainage channel. A drainage pipe (11) is shown leading from the drainage channel. A drainage pipe (12) is shown leading from the drainage channel. A dimension of 30mm is indicated for the drainage pipe (10).
